City Different Retired Educators Association Officers 2018

City Different Retired Educators Association (Santa Fe Area)

The City Different Retired Educators Association would like to invite you to join our organization of retired educational personnel from Santa Fe and the surrounding area. We have a diverse membership that includes: teachers/professors, administrators, nurses, teacher assistants, counselors, librarians, custodians, secretaries, cafeteria and maintenance personnel. Our major purpose, along with NMAER (the state organization), is to protect the quality of life for our current and future members by working to maintain our health and retirement benefits. We also participate in standing committees, service projects, and other entertainment activities.

We meet monthly, usually on the fourth Tuesday of the month, for a no-host lunch at a local restaurant to socialize and/or conduct business meetings. Our dues are \$10 per calendar year – if you wish to join CDREA, please contact Cheri Dotson, Treasurer, for an application and schedule of programs. The NMAER dues are \$30 -- if you wish to join our state organization, you can obtain an application at its Web Site.

For general information please contact our Co-Presidents Glenda Dickey and Pauline Rindone (see contact information on this page).
