Summer 2021

WHAT A YEAR!

We've been through some very trying times during this past year and a half. There were times that we all thought, "Things just can't get any worse," we'd sigh—and then they did. Headline after headline, news flash after news flash, all delivering drabness and upsetting stories. It would have been easy to throw our hands into the air and give up. But we didn't. We continued through our personal troubles, community division and national catastrophes. Hopefully, we have all continued to keep our faith and courage and look ahead. As Euripides wrote, "To persevere, trusting in what hopes one has, is courage. The coward despairs." We are not cowards. Remember when our grandparents would remind us of something and say, "When I was younger ..." Now, who are the grandparents? Don't be ashamed of your gray hair. Wear it proudly – you earned it! However, it is funny how when you get older your hair doesn't grow the way it used to ... or in the same places. Maybe you've stopped growing vertically, but not horizontally. Then there was the first time you had to honestly admit that you didn't remember whether you took your daily meds, turned off the coffee pot and unplugged your curling iron before you left the house, or you drove the last 20 miles with your right turn signal on. If you want to jog your memory, take your laptop out for a run. Exercising doesn't mean walking to the refrigerator and back to the recliner dozens of times a day.

One time, long ago, having the latest gadget really mattered. Now we've reached that age of maturity

when we're asking, "Do I really want a new cell phone? Will my friends really disown me if I don't get the latest one on the market?" Let's face it – two-year-olds can outmaneuver us on the cell phone and the computer; it really doesn't matter whether we have version 1.0 or 10.0. We'll never catch up. Although, it's pretty shameful when you would rather give up chocolate than your computer.

As the old saying goes, "You're as young as you feel." And it's true! Despite what the mirror says or the number of candles on our birthday cakes, many seniors say they feel no different that they did ten, twenty or even thirty years ago. Even though younger people often perceive us as slow, weak or out of touch with today's world. We know that no matter what age we are, no one's perception of us matters more than the way we perceive ourselves. On second thought, show me someone who walks with his head held really high, and I'll show you someone who hasn't gotten used to his bifocals.

Has your pharmacist ever said to you, "Take one of these every three hours, or as often as you can get the cap off"? It's a pity when store clerks start calling you "Sweetie." Aging is kind of like a cute puppy; it's a little hairy but you might as well embrace it. Always smile so that others will mistake your wrinkles for laugh lines. I know that by the time we get our shoulders to the wheel, our noses to the grindstone, and our ears to the ground, it's usually time for lunch.

COMMUNITY SERVICE UPDATE

Just a reminder... All units should be gathering their volunteer hours. I will begin collecting the hours from each unit beginning August 1. Volunteer hours will be tallied from September 1, 2020, through August 31, 2021. If you want to send the hours in early, you can approximate your hours volunteered for the month of August 2021. (Please send them to me by mail – 515 16th Street, Alamogordo, New Mexico 88310, or by email – lindacarr69@gmail.com). Let's just try to stay on top of it so that there is no mad dash to the finish line.

All of the top volunteer hour recipients will be recognized in the fall NMAER newsletter since we will be on a limited time schedule for the virtual State Conference (Sept. 24 from 11:00 am – 2:00 pm).

Keep up the good work... our volunteers are amazing, giving, and of course, go-getters!! Thank you to all who found the time to volunteer during the pandemic... you ROCK!!

Linda Carr/NMAER 1st Vice-President

What a Year *continued from page 1*

We know enough to realize that we must go on about our daily lives, despite the real and imagined problems around us. We shall continue despite our personal troubles, the community unrest, national disasters and world upheavals. Most of us carry on without a thought to the fortitude it takes to persevere day after day. We continue to love and laugh without dwelling on those voices and situations that are pulling at our hearts. Each of us possesses capabilities and skills that we can use to help others and brighten our corner of the world. We must maintain our ideals and continue to work for improvement and look ahead in faith. "Hope is putting faith to work when doubting would be easier." Many of our troubles come from too much time on our hands and not enough time on our knees.

Vicki Smith, NMAER Past President

OUTSTANDING UNIT MEMBER

At its June 29, 2020 meeting, the Executive Board voted to have a Virtual State Conference scheduled for September 24, 2021. As you recall, the Outstanding Unit Members for 2020 were honored in the NMAER Fall Newsletter. And this year we will honor the 2021 Outstanding Unit Members in the same manner.

I am requesting that you provide me (preferably by email) with the following information by August 16, 2021:

1. The name of your Unit's choice for the Outstanding Unit Member for 2021;
2. A short BIO of no more than one page or approximately 120 words; and
3. A picture of the unit member selected.

Please email this information to me at polarr1964@hotmail.com. If you have any questions, you can contact me by phone (505) 603-2256 or email. Thank you for your prompt response to this request.

Stay Well and Be Happy

D. Pauline Rindone, Ph.D.

HAVE YOU MOVED IN THE LAST 12 MONTHS?

Please call or email NMAER when you move, so we can ensure that you continue to receive your NMAER Newsletter and other important information. Please call 505 275-6427 or send an email to nmaer@cybermesa.com to provide us with your updated address. It will help us keep our database up to date, while keeping you informed.

Thanks for your assistance!

MEMBERSHIP REPORT

Back to normal, yes, I know some of our friends may say we were never too normal. As we are now allowed to have in-person meetings we are faced with the challenge of getting our members to attend our local meetings and hopefully become involved with the local Units. We do not think there is any magical answer to getting everyone involved again but it is important to make an attempt as well as recruit new members.

Life Insurance

Years ago New Mexico Retiree Health Care Authority provided a Basic Life Insurance policy but due to financial reasons there was a change, and each individual had to decide whether to keep that policy and pay full coverage or discontinue. Retirees also have the option of purchasing other insurance options during the Switch Enrollment periods each fall. If you have any questions on the Basic Life policy or any other RHCA Insurance plans contact the NMRHCA Office at 1 800 233-2576 and ask to speak to a Customer Service representative.

We are encouraging all members to participate in the State Conference in September which is going to be held by means of a Zoom meeting. This will provide everyone an opportunity to see some of the activities of the State Conference and may encourage them to attend in future years. We are hoping some locals will be able to arrange a group meeting to watch and participate. There will be additional information concerning this prior to the convention.

FROM THE PRESIDENT

Summer is quickly coming to an end and fall is right around the corner. Throughout this time NMAER has been preparing for our conference to be held in September. Because of the pandemic, the last 16 months have been challenging as everyone with NMAER has had to adapt and learn how to use Zoom in order to hold virtual meetings with our members. This has helped us to stay in contact with our membership and to make sure that our member benefits are protected. This year our annual conference will be virtual on Zoom, and we are hoping that many of our members will be able to join us.

Our goals for the coming year will be to assist local units to return to normal by holding in-person meetings, recruiting new members, focusing on associate members, and being able to have our annual conference in Clovis, New Mexico in the year 2022. We had a successful legislative session this past year as SB 21 and SB 42 were passed, which will benefit present and future retirees. Thanks to everyone involved in helping pass these bills and making sure our pension and health benefits will be there for all retirees.

Thanks to Russell Goff and his office staff and for a very dedicated executive board to keep us informed and all of us working together to make sure that our pension and health benefits are there for all retirees. Lastly, we again encourage all members to please try and join us for the virtual conference to be held in September. Enjoy the rest of your summer and stay safe. Your NMAER Board is working for our membership 24/7. Thanks, everyone.

THE LATEST HAPPENINGS WITH THE EDUCATIONAL RETIREMENT BOARD

The ERB Investment Report for May 31, 2021, showed the following:

- A one-year return of 29.3%, a three-year return of 10.5%, a five-year return of 10.6%, a ten-year return of 8.4% and a 9.2% return since inception.
- The total assets were reported as \$15,707,096,276 on May 31, 2021. (A new record)

The ERB Investment Report for the first quarter ending March 31, 2021, showed the following:

- A one-year return of 23.6%, a three-year return of 8.56%, a five-year return of 9.42%, a ten-year return of 7.85%, a fifteen-year return of 6.99%, a twenty-year return of 6.75% and a 9.07% return since inception.
- The total assets were reported as \$14,732,541,618 on March 31, 2021.

On Friday, June 11, 2021, the Educational Retirement Board held its regularly scheduled meeting virtually. Here are some of the highlights of that meeting:

- The ERB Board of Trustees witnessed the swearing in of two new Board Members: AFT Representative Dr. Matias Fontenla, and Secretary of Higher Education Stephanie Rodriquez, along with her designee, Mario Suazo. As in the case of PED, the Higher Ed designee will serve in the absence of the Secretary of Higher Education. With these additions, the ERB is now a nine-member board.
- The ERB Board of Trustees heard and approved a report from the Alternative Retirement Plan Committee.
- The ERB Board of Trustees heard an update on the GASB 67 & 68 Audit Report.
- The ERB Board of Trustees heard and approved the Fixed Income Policy Revision.
- The ERB Board of Trustees heard the Investment Reports.
- The ERB Board of Trustees heard and approved 1012 regular retirements in the period of April 1,

2021 to May 31, 2021. This is a sizeable increase over May 2020.

- The ERB Board of Trustees heard and approved the Disability Retirements Report.
- The ERB Board of Trustees heard and approved an update on the new ERB Building.

Since our last reporting in the spring newsletter, the ERB Interim Executive Director has announced that Lawrence Esquibel has been selected as the new Deputy Director of ERB. He previously served as the Chief Information Director before assuming the role of the Deputy Director on May 1.

Lastly, as previously indicated, Jan Goodwin resigned in March 2021. A Search Committee has been established; however, currently the search committee is on hold as the Board of Trustees awaits discussions with the Governor on salary issues.

Remember, “Don’t take your benefits for granted.”

Russell Goff, ERB Representative

WHO'S MAKING DECISIONS ABOUT YOUR RETIREMENT FUNDS?

If you receive this Newsletter, you are a member of the growing community of retirees who spent their working lives in an educational institution in New Mexico. As a young employee — or even a middle-aged employee — you probably paid little attention to your retirement plan (except to be disgruntled about the amount ERB deducted from your check each month for retirement). I know I didn't, but I knew some department somewhere was taking care of my retirement for me. Well, they were; and the Educational Retirement Board has done a great job of keeping your retirement safe and, more importantly, sound for you.

Once they retire, many folks unfortunately continue to have the same attitude about their retirement funds. Someone, somewhere, is taking care of my retirement funds for me; and everything has been just fine all these years, so things will probably continue on that same trajectory.

Well, maybe and maybe not. Every year there are bills impacting the education retirement system that will be heard, first in committee(s), and then by the full House and Senate. Some of these bills are positive for our retirement, such as the one sponsored by Senator Mimi Stewart this year. Some, however, are not.

Here's one problem. Every two years, some membership of the House of Representatives changes. Every four years, some membership of the Senate changes. These folks hear hundreds of bills during a legislative session. For them, and other members of the legislature, trying to be knowledgeable about everything is an almost impossible task.

Here's where NMAER and its 6,000+ members come in. The Adopt A Legislator (AAL) team in NMAER was created to assist our Board, our Director and our lobbyists in communicating with legislators about issues that affect us. We all work together to be sure that every legislator, whether

new or experienced, can be contacted on important issues.

Having an NMAER member in every part of the State working to communicate with just one or two legislators can make a big impact. The AALs who work with Russell Goff, our Director, to make a phone call or send an e-mail to a Legislator have proven to be the most effective lobbyists that NMAER has because they can contact more legislators than Russell or our regular lobbyists can talk with. The more folks we have working together, the bigger impact we can make. (And, some Legislators are meeting in committees this summer as you read this.)

Please send Russell or me an e-mail if you want to work with the AALs this coming year. All our retirees can benefit by being proactive. You can contact us at nmaer@cybermesa.com or evalynne.hunemuller@comcast.net.

**NEW MEXICO ASSOCIATION OF
EDUCATIONAL RETIREES**

A RETURN TO NORMALCY

As we venture out of COVID and move forward toward a Return to Normalcy, it is vital that we assess what has changed in our lives and our Units and determine where we might need to set new expectations and new directions. We need to keep what we have learned and see how we can adapt these new ideas to our Units and the association. The key is reaching out to our membership and encouraging their return and participation. Change has happened! How we approach this change will determine future successes of our Units and our association.

As we have previously indicated, the 78th NMAER State Conference on September 24, 2021, will be virtual. This will be an opportunity for you to participate without having to leave your home and hear information on your retirement benefits and retiree information. The draft program and registration information are included in this summer edition. This year's program will include the opportunity to win gift prizes of \$50 to \$100. Winners will be announced toward the end of the conference meeting. To be eligible for these gift cards, you must have registered to attend the virtual conference. We hope you will take time to join us!

In closing, I would like to express my thanks to President Michael Torrez and the Executive Board for their leadership during 2020-21. They have worked very hard at keeping the association moving forward during this unprecedented and challenging period of time. The Executive Board was presented with many difficult challenges during these last sixteen months but handled these issues in an excellent manner. At this time the Board's efforts now center around assisting and supporting our Units in a return to in-person activities. Please let the State Office know how we can help as you move forward.

“Don't take your benefits for granted.”

Russell Goff, Executive Director

AARP NM INTERIM STATE PRESIDENT'S REPORT

Hi to all NMAER members; I hope you're having a fun and relaxing summer!

Presently, several AARP NM volunteers are attending legislative committee meetings that are virtual in preparation for the 2022 legislative session.

Also, and this is just in the planning stages, AARP NM is relocating the Santa Fe office to Albuquerque in May of 2023. For more information about this or any questions you may have, please contact Joseph Sanchez, AARP NM State Director, at jpsanchez@aarp.org.

Lastly, I continue to urge you to join AARP and take part in the many programs and activities that AARP offers for our age group. Just go to aarp.org, select New Mexico and see all of the many options that are available to you each day, and then TRY ONE :)!

Roger Greer, AARP - NM Interim State President

NM RETIREE HEALTH CARE UPDATE

On July 15th and 16th, the NMRHCA Board of Directors held its 2021 Annual Meeting in Taos. The agenda included presentations and discussions on investment performance, program solvency, health care trends and a summary of recent agency operations. The Board elected officers: Doug Crandall (President), Therese Saunders (Vice President) and Leanne Larrañaga-Ruffy (Secretary). Committee assignments will be made at the Board's August 31st meeting.

While medical plan costs have remained ostensibly flat during the past year, prescription drug cost increases have persisted. Consequently, this has led to a continual growth of overall spending. This pervasive pattern played the decisive role as the Board adopted plan design and rate increases which take effect on January 1, 2022. The plan rate increases reflect respectively, six (6) percent and four (4) percent increases for the pre-Medicare plan and Medicare supplemental plan. Recall that the Board adopts plans by attempting to establish alignment between incoming revenue and program expenditures. The adopted scenario results in a one (1) percent undercharge, i.e., expenditures are projected to exceed revenue by one percent.

Despite this challenge, NMRHCA staff reports continued improvements to the solvency of the program as trust fund balances surpassed \$1 billion back in April. This announcement affirms the actions taken by the Board over the course of the past 10 years to include rule changes and other plan modifications that, while not popular, have stabilized the trajectory of this program for both current and future participants.

Executive Director, David Archuleta, shared this anecdote: "In 1789, Benjamin Franklin wrote a letter to Jean-Baptiste Le Roy (a famous French physicist at the time) where he stated that 'our new Constitution is now established, and has an appearance that promises permanency; but in this world

nothing can be said to be certain, except death and taxes.' I think he meant to write death, taxes and increases in health care costs. While the costs are expected to grow in the low single digits (percentage-wise), they're still expected to grow; therefore, the NMRHCA will focus on limiting that increase in 2022 and identifying any savings opportunities."

As part of its summer newsletter, scheduled for the first week in August, NMRHCA staff will provide greater detail of actions adopted by the Board. The newsletter will include: information about this year's switch enrollment period, a schedule of online meetings, and information about scheduling an appointment with a customer service representative as NMRHCA resumes in-person interactions. Anyone interested in participating in the Board meetings may visit the Notices Section of the NMRHCA's website which includes a GoToMeeting link and access code.
