Summer 2025

LOOKING FORWARD TO THE 82ND ANNUAL CONVENTION

Zozobra says “Ditch the Gloom” and join us at the NMAER State Convention on September 22- 24, 2025, at the Courtyard Marriott in Santa Fe.

While the “ZOZO FEST” will have already taken place, Santa Fe still has a lot to offer. The convention will have a full agenda of interesting topics and discussions to keep us occupied and interested in learning. For this 82nd year, NMAER has worked very diligently to bring speakers that will provide us with new information on artificial intelligence, updates on retirement and AMBA benefits as well as many more issues. And more importantly, we can learn how, as retirees, we can become more effective advocates for our retirement benefits. As you might already know, legislation to protect the \$1.6 billion dollar trust fund of the Retiree Health Care Authority died; the bill had only one hearing during the first session of the 57th Legislature of 2025. Becoming better and successful advocates should be an incentive for us to more effectively lobby and inform our legislators of the importance of any legislation that benefits retirees.

In addition to new information we’ll learn during our meetings, Santa Fe has much to offer for our evening entertainment.

- The 34th annual Santa Fe Wine and Chile Fiesta celebrates the unique flavors and rich culinary traditions of Santa Fe and promotes winery dinners at participating restaurants.

- Star Gazing – Astronomy Adventures offers educational and entertaining guided night sky tours. The tours are a great way to experience the beauty and majesty of the New Mexico nights filled with thousands of bright, twinkling stars. Or you can enjoy stargazing just by sitting outside your hotel room with a friend relishing a cup of your favorite drink.
- Culinary Favas – dine at Escondido Restaurant featuring Chef Fernando Ruiz, the king of Southwestern and Mexican cuisine. Chef Ruiz holds the distinction of being a three-time Food Network Champion and beating Bobby Flay; and he brings decades of experience to the Santa Fe region with his first restaurant that opened in August 2024.
- Explore Santa Fe’s art galleries, museums and cultural sites. September is a great time in Santa Fe with pleasant weather and the beginning of the Fall season.

These adventures are some of the reasons why I am looking forward to our 82nd Annual State Convention and you can also experience them, so come along and enjoy the wonders of three or more nights in Santa Fe.

WHY NMAER?

When I was recently asked, “Why should I be part of NMAER,” several of my immediate thoughts and explanations were:

1. NMAER advocates for improved retirement for all educational retirees as well as those who are still employed in an educational setting.
2. NMAER works diligently to protect our pension, and it protects our health care and its benefits.
3. NMAER monitors legislation that directly affects educational retirees, and it influences the legislative process directly on matters of health care and cost of living adjustments (COLA). We employ two lobbyists who work for NMAER and its area of concerns during the legislature each year.
4. NMAER has a representative on the Retiree Health Care Board (NMRHCA), as well as the NMAER Executive Director who sits on the Educational Retirement Board (ERB). This always keeps us in the ‘know’!
5. The organization aims to enhance the quality of life for its members, and it supports the professional, economic, intellectual, and social well-being of its members.
6. NMAER provides updates and information through various channels such as a newsletter (3 times a year), legislative updates, and meetings.
7. NMAER encourages volunteer opportunities and social connections. It fosters community involvement and provides social opportunities for its members.
8. NMAER advocates on behalf of active educational employees by addressing concerns such as salaries and working conditions.

9. In essence, NMAER acts as a dedicated advocate and support system for New Mexico retired educators. It works to improve their lives and protect their benefits. **It is the only organization in the State whose sole purpose is to promote the quality of life of retired educators.**

These are only a few of the outstanding reasons all retired, as well as actively working educational individuals, should join and become active in NMAER.

If you are ever asked, “Why NMAER,” I hope that a few of these points will help you to begin to explain what a power house we have working for us!!

Linda Carr, NMAER Immediate Past President

NMRHCA UPDATE

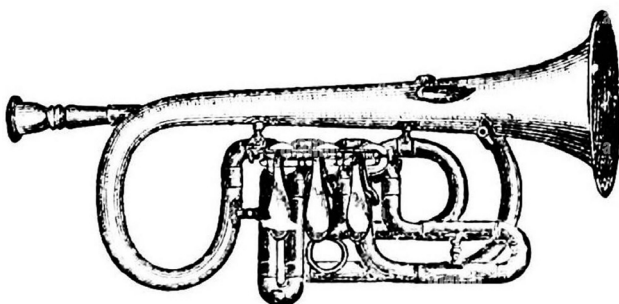

The scheduled time conflict of the NMRHCA Annual Meeting and NMAER Summer Newsletter, complicated by my emergency surgery, led to a slightly different Newsletter version. Thanks to the NMRHCA staff for providing direction and assistance. The next NMAER Newsletter will detail the outcomes of the Annual Meeting.

The New Mexico Retiree Health Care Authority (NMRHCA) Board of Directors will hold the agency’s Annual Board Meeting on July 24 and 25, 2025 at The Lodge in Cloudcroft, NM. As an open meeting, members, stakeholders and the public are welcome to attend. This comprehensive gathering plays a central role in reviewing the health and direction of the program and setting the tone for the coming year.

This year’s agenda includes:

- Board Governance Updates: The meeting will open with the election of board officers and the review of key governance items.

THE LATEST HAPPENINGS WITH THE EDUCATIONAL RETIREMENT BOARD...

The Investment Report for the month of March 31, 2025, showed the following:

- One-year return of 7.84%, a three-year return of 4.88%, a five-year return of 10.24%, a ten-year return of 7.60%, a twenty-year return of 7.82%, a thirty-year return of 7.93%, and an 8.89% return since inception.
- The total assets were reported as \$17,751,678,233 on March 31, 2025.

In the third quarter (March 31, 2024 – March 31, 2025) the Fund increased by 5.9%. The Investment Report for the month of May 31, 2025, showed the following:

- One-year return of 9.2%, a three-year return of 6.3%, a five-year return of 10.4%, a ten-year return of 7.7%, and a return of 8.9% since inception.
- The total assets were reported as \$18,214,527,840 on May 31, 2025.

On Friday, June 25, 2025, the Educational Retirement Board held its regularly scheduled meeting. Here are the highlights of that meeting:

- The Board of Trustees heard and approved a report from the Alternative Retirement Plan and an update on Captrust.
- The Board of Trustees heard a report on the results of the 2025 Actuarial Audit.
- The Board of Trustees heard and approved the Disability and Retirement Reports.
- The Board of Trustees approved a two-year extension to the State Street Custody Bank Contract.
- The Board of Trustees approved a resolution for the Custodial Bank Authority.

On April 10, 2025, the City of Santa Fe Planning Commission approved the ERB site development plan for the new facility. Regarding water, however, after completion of requested changes, the water

and sewer hookup to the new facility remains on hold. A scheduled date to move in has not been determined.

The Cost-of-Living Adjustment (COLA) for eligible retirees as of July 1, 2025, is as follows:

- 1.80% for retirees with 25 or more years of service credit and whose monthly benefit is less than or equal to the median benefit of \$1,798.02 as of June 30, 2024.
- 1.60% for all other non-disability eligible retirees.
- 2.0% for all disability retirees who have been retired for at least 3 years.

The next meeting is scheduled for Friday, August 22, 2025. Site to be determined.

In closing, thank you for continuing to monitor your retirement benefits.

H Russell Goff, NMERB Representative

NMRHCA Update *continued from page 2*

- Health Plan Partner Updates: Representatives from Presbyterian Health Plan, Blue Cross Blue Shield of New Mexico, Humana, United Healthcare, and Express Scripts will present updates on both pre- and post-Medicare plan performance, member engagement, and wellness initiatives.
- Strategic and Actuarial Insights: NMRHCA's consulting partners at Segal and Madalena Consulting will deliver critical presentations on pharmacy cost drivers, long-term solvency modeling, and prescribing patterns, helping the Board assess long-range funding strategies and plan design.
- Claims and Demographic Review: A detailed analysis of 2024 claims data and member demographics will help inform future planning and benefit decisions.

FROM THE DESK OF THE EXECUTIVE DIRECTOR...

In June, the Interim Investment and Pension Oversight Committee (IPOC) held their second meeting for the 2026 Legislative Session. In this meeting there was much discussion regarding retirements and investments; in particular, PERA vs ERB investments. The question posed was why weren't the investments on a similar page? One Senator even raised the idea as to whether PERA and ERB Investment Divisions should be merged. Over the last few years, a lot has changed regarding ERB and PERA investments. For a number of years, PERA investments have exceeded ERB's; however, that appears to have changed in recent years with the turnover of PERA Chief Investment Officers.

Last summer in the IPOC Committee hearings, PERA retirees expressed deep concerns over their COLA. For many years PERA retirees received a 3% Cost of Living Adjustment compounded. In recent years that factor has changed to 2% and now is at 0.5%, while ERB's COLA is 1.60% for most retirees. This led to discussion and introduction of legislation in the First Session of the 57th Legislature to provide a 13th check for retirees; however, with little coming out of this past Legislative Session, it appears the IPOC will once again focus on retirements, investments, etc. as they prepare for the upcoming legislative session. They have also indicated that they will have a two-day retreat in October in Taos to focus on this issue. I urge you to stay informed about these discussions over the next few months.

On September 22-24, 2025, the 82nd NMAER State Convention will be held at the Courtyard Marriott in Santa Fe. Cheri Dotson and her committee have worked very hard to provide a top-notch Convention. In this NMAER summer edition you will find a registration form and a tentative program agenda. You will want to join us and listen to our Keynote speaker, Dr. Tom Ryan, discuss "What is Artificial Intelligence?" I believe you will find his

presentation very informative. You will also want to join in as we celebrate our award winners at our 82nd State Convention and provide you with updates on your retirement benefits. ZOZOBRA says "ditch the gloom" and join us in Santa Fe. All retirees are encouraged and welcome to attend.

Lastly, I would like to applaud this year's NMAER Executive Board for their efforts in helping us to advocate for our retirement benefits. Please join me in thanking Dr. Pauline Rindone, President; Linda Carr, Past President; Joelyn Pafford, First Vice-President; Ray Vincent, Second Vice-President; Cheri Dotson, Legislative Chair; Jim Conyers, Amendments Chair; Allen Templeton, Membership Chair for the North; Tomas Salazar, NMRHCA Representative; Christian Halstead, AARP State Director; Evalynne Hunemuller, AAL Coordinator; Glenda Dickey, Necrology Editor and Historian; and Barbara Alba, Nominations and Elections Committee.

H. Russell Goff, Executive Director

NMAER LEGISLATIVE UPDATE

The state legislative interim committees are in progress with some of our issues being discussed. You can watch on webcast or zoom or watch the recordings after the meetings. I believe Evalynne Hunemuller will be recruiting new AAL's (Adopt a Legislator) in the fall. Please consider helping us by adopting one or more legislators!

Together we can make a difference for educational retirees across New Mexico! We are stronger together.

COMMUNITY SERVICE HOURS

In 2008, Barbara Bonahoom, then NMAER 1st Vice President, created a new program for all NMAER Units. That program was called Community Service. For 18 years we have been celebrating the volunteer work and service performed by NMAER members to help others, better their communities, and give support to an organization, group or individual. The program has changed some during those 18 years. But what has not changed is the astounding number of volunteer hours that our organization's members have poured back into their communities and the state of New Mexico, with no expectation of monetary payment or accolades. I stand in awe of the variety of service activities and the commitment to service that we, as NMAER, accomplish. During the 82nd NMAER convention, to be held in Santa Fe on September 22-24, 2025, we will highlight the value of community service among our membership, and we need your help.

The timeline for gathering the community service hours from each unit and their individual members runs from September 1, 2024 through August 31, 2025. All unit presidents will be collecting and tabulating each member's hours and the unit's total hours. It may be necessary to estimate your service hours during the summer months, if your unit does not meet during those months. Each member should report all hours. Even if you have just a few volunteer hours, report them! All service is important and valued.

Unit presidents, the due date for reporting your unit's total service hours and each individual's service hours is on or before Monday, September 1, 2025. I sent each unit president an email which included the reporting forms. If you did not receive that email or need me to resend it, please contact me.

Your timely attention to this reporting is greatly appreciated. Do not wait until the last minute. Help your unit president. We want all hours to be

counted. Please feel free to contact me if you have questions or comments. (505-980-3297/pafford3297@gmail.com)

I am eager to hear from each unit and celebrate with you. Would it not be interesting to go back and tabulate all the hours over the last 18 years? I am sure Barbara would be gratified to know the great value that her brainchild has accrued.

Joelyn Pafford, First Vice President

- Plan Year 2025 Preview: The Board will also review proposed changes for the 2025 calendar year.
- Investment Education: Meketa Investment Group will lead an educational session aimed at enhancing board oversight of the Authority's investment strategy.

The annual board meeting provides a valuable opportunity to reflect on the year's progress, engage with plan partners, and ensure the continued strength and sustainability of retiree health care in New Mexico.

Meeting details are below, include how to attend virtually or in person, and are found at www.nmrhca.org. We encourage all members to stay informed and involved – your voice helps guide our path forward.

A HISTORIC NMAER UNIT HAS A NEW NAME

The Raton Association of Educational Retirees (RAER) has been active since its inception in 1970. It has operated under different names during the last 55 years, but has always had an active and important presence in the education community in the Raton area. In 2024, RAER adopted an innovative vision and embarked on a new adventure. That vision sparked a new name. Our corner of the state has several small towns and school districts that no longer have active NMAER units. Consequently, the retired educators and active employees in those communities and school districts were not represented. The RAER members had a desire to encourage the educational retirees in the underserved areas to come together, to provide social and educational activities within the organization, and to support the active school employees in each community. We now encompass five communities: Raton, Maxwell, Springer, Cimarron, and Eagle Nest; thus, becoming Colfax County AER. And there is the possibility of expanding to more communities.

It will take some time for all of us to feel comfortable with our new name, but we are excited to see what is in store for this unit in the years to come. So, remember, Raton Association of Educational Retirees (RAER) is now Colfax County Association of Educational Retirees (Colfax County AER).

“THE WORST-KEPT SECRET IN CORPORATE AMERICA IS THAT MARKETING WORKS”

— *F. Grant in the July AARP Magazine*

Well, if marketing works in corporate America, it should work well in New Mexico – Right? The AAL (Adopt a Legislator) program, sponsored by the NMAER organization, is one of the tools NMAER has that does do marketing aimed at legislators about the needs of Educational Retirees in our State.

Every year there is at least one or more piece of substantial legislation concerning teacher retirement put in to be heard by the Legislature. Some of this legislation is extremely helpful to ERB. Some of it is not. It is important that all retirees keep informed and up to date about what is happening.

For instance, our Governor and Legislature passed a generous raise this year for New Mexico Education Employees. However, that raise did not assist those who have already retired and are now on a fixed income. Some of our older educators, who worked for many years, but retired at much lower salaries, have a difficult time keeping up with the current cost of living. Many of you are also aware that even recent retirees (who are now on a fixed income) are having problems keeping up with the cost of living due to the effects of inflation and the concurrent raise in prices.

Our organization is 65,000 people strong. Most all of those 65,000 folks vote. We can use our voices and keep our Governor and Legislators aware of retiree needs. Join us and help with our work during the session and committee meetings during the interim.

Evalynne Hunemuller, AAL Coordinator

OUTSTANDING UNIT MEMBER

I wish to thank the eight units that submitted material for the Outstanding Unit Member recognition booklet. A decision has been made to change the method of recognizing the nominees. This year there will not be a booklet published. The nominees will be recognized at the State Convention and presented a certificate honoring their nomination. They will also be honored in the Fall newsletter with their picture and short biography. The reasons for this change are as follows: there were only eight biographies submitted, the rising cost of publishing the booklets, and this method will offer wider exposure of those honored. In the past, a booklet was given to each nominee, to each executive board member and one to each local unit with hopes it would be made available to interested parties. Publishing their picture and information in the state newsletter will allow more people to be aware of their honor.

Ray Vincent, 2nd Vice President
